

## MURDERED IN HIS BROTHER'S HOME

James Allaway of Los Angeles  
Foully Slain by Burglars in Chicago.

VICTIM PROMINENT MAN  
WIFE AND SON PROSTRATED BY NEWS.

Chicago, Nov. 5.—James Allaway, a wealthy commission merchant of Los Angeles, was killed by burglars early today at the home of his brother, Edward Allaway, at 418 South Waller avenue. The burglar escaped from the house without having been seen by any of the family. The murder occurred while detectives from a nearby police station were searching the neighborhood for a man who attempted to burglarize two other houses only a few blocks distant from the Allaway home. The murdered man had been here only since Sunday.

Edward Allaway, who is auditor for a large manufacturing concern, said: "I was awakened by my wife, who told me she had heard a revolver shot. We both hurried to my brother's rooms, in which my 2-year-old boy was also sleeping. As we entered the hallway I ran into James, who was leaning against the wall and gasping. He said he had been shot by a man. He then fell to the floor. I tried to get him out of him, but could not do so. I believe that James was killed without an opportunity to defend himself. He had apparently arisen to investigate the noise made by the burglar, and was shot down without warning."

The police have a fair description of a man who had committed several burglaries in that neighborhood during the night.

The murdered man's home was at 210 Park Grove avenue, Los Angeles.

Well Known and Prominent.

Los Angeles, Cal., Nov. 5.—J. W. Allaway, who was shot and instantly killed by a burglar in Chicago today, was one of the best known commission merchants of Los Angeles. He was secretary of the Allaway & Layton company, 607 East Third street, and a director of the Los Angeles Produce exchange. He came to this city three years ago from St. Louis, where he had been for thirteen years local manager of the Armour Packing company. His wife and son live in this city. They were almost prostrated today when notified of the death of Mr. Allaway. His son will leave for Chicago at once. The murdered man was a thirty-second degree Mason and member of the Mystic Shrine, holding a membership in the Mulah Temple of St. Louis. He was born in Reading, England, where his mother still resides. He was 52 years of age. Mr. Allaway left Los Angeles about two weeks ago for a trip through the south and east.

**FIRE IN HOSPITAL.**  
Chicago, Nov. 5.—Considerable excitement was caused among patients of the German hospital in Hamilton court today by a fire which broke out on the top floor of the five-story building. There were no patients on the fifth floor. Sixty patients were carried by physicians and nurses into a building which adjoins the main structure.

## Catarrh of the Stomach

A Most Dangerous Disease, Which Causes Serious Results, Unless Properly Treated.

Catarrh of the Stomach is very common and is known as one of the most obstinate diseases which when neglected or improperly treated, with cheap patent medicines, tonics, drugs, pills and other secret quack remedies results in a broken down constitution and often consumption and death.

Catarrh of the Stomach, like every other disease of the stomach, is the result of poor digestion. The digestive organs have become weak, there is no half digested and as a result you become affected with loss of appetite, pressure and fullness after eating, heartburn, vomiting, waterbrash, tenderness at pit of stomach, silmy tongue, bad taste in the mouth, constipation, pain in limbs and face, sleeplessness, nausea, belching of gas, diarrhoea, sick headaches, dizziness, mental depression, nervous weakness, and many other common symptoms.

If your stomach cannot digest the food you eat, then the stomach needs a rest, as that is the only way you can get rid of your catarrh, but in the meantime your body needs plenty of nourishment, because you must live and in order to live food must be properly digested, and if your stomach is too weak to do the work then you must get a substitute that will do the work.

Stuart's Dyspepsia Tablets are the only known substitute for the food of your food as well as any healthy stomach. They contain vegetable and fruit essences, as well as the most powerful and effective principle contained in these tablets will digest 2,000 grains of food.

Stuart's Dyspepsia Tablets are in the form of pleasant tasting tablets or lozenges and are sold in large 50-cent boxes at all drug stores.

Send your name and address and we will send you a free sample package. The relief you will get from this trial package will convince you of the merits of Stuart's Dyspepsia Tablets.

## COURT POSTONES TO THE SANTA FE

Judge Wellborn Postpones Sentence in the Rebate Cases After Hearing Argument.

Los Angeles, Cal., Nov. 5.—After E. W. Camp, solicitor for the coast lines of the Santa Fe, had made an earnest plea for leniency, Judge Olin Wellborn of the United States district court today very unexpectedly postponed the passing of the sentence upon the Atchison, Topeka & Santa Fe Railway company, convicted of rebating, until next Thursday.

At the conclusion of Attorney Lawler's remarks Solicitor Camp arose and replied to the rebates of the court to reply briefly to the remarks of the district attorney. The court assenting, Mr. Camp stated that the evidence, some of which the court had excluded from the jury did not show a willful violation of laws; on the contrary, the acts of the company's servants were in good faith, they believing them lawful; that the alleged rebates were only technical such as they were granted in the form of damages to goods shipped; that these rebates ranged from 35 cents to \$19, and in thirteen months' time amounted in all to but \$400, an insignificant sum compared to the amount of the freight bills of the shippers.

**Sentence Postponed.**

At the conclusion of Mr. Camp's remarks, Judge Wellborn very unexpectedly to those in the court room stated that the matter of imposing sentence would go over until Nov. 7 at 10:30 o'clock.

The amounts which the company may be fined upon the sixty-six counts on which it stands convicted is \$132,000. The minimum sentence is \$1,000 on each count.

## CHIEF MATY TIGER SERIOUSLY INJURED

Guthrie, Okla., Nov. 5.—A special to the state capital from Okmugie, I. T., says that Maty Tiger, chief of the Creek nation, was seriously injured while riding in the woods near his home today. His horse became frightened and broke from the trail into a dense thorn thicket, two large thorns piercing Maty Tiger's head, pressing into the left ear. Both thorns were almost driven through his head. Surgeons have operated on Chief Maty Tiger and it is probable he may recover. Maty Tiger recently succeeded the late Pleasant Porter, chief of the five nations.

## SUICIDE FOLLOWED ATTEMPT AT CRIME

Brest, France, Nov. 5.—A local paper today printed the following story: On Oct. 28 during a voyage of the Hamburg-American line steamer Kron Prinzessin Cecilie from Vera Cruz, Mexico to Brest, a steward broke into one of the cabins and attempted to assault Mile. Bazaine, daughter of the late Field Marshal Bazaine, and god-daughter of the ex-emperor Eugene. The young woman, it is added, brought passengers to her rescue and the steward leaped overboard and was drowned.

## GOLD BARS AND YELLOW COINS

Arrival of \$8,000,000 From London in New York Causes an Easier Feeling.

MILLIONS MORE TO FOLLOW

BANK OF FRANCE COMES TO THE RESCUE.

New York, Nov. 5.—The first tangible results from the recent gold engagements abroad came today with the arrival of the steamer Kron Prinzessin Cecilie, having \$8,000,000 of gold aboard. This is one of the largest gold consignments ever received, and it is counted on to exert a salutary influence.

Two hundred and thirty-five small wooden boxes averaging about eight inches square, and containing about \$20,000 each in gold bars and coins were carried into the gold room at Bremen in the presence of several of the ship's officers. The big steel doors were locked and one key was given to the captain and the other to the purser. While at sea Captain Hagemann took charge of both keys. Seventy of the cases were consigned to Heidelberg, Eckelheimer & Co., six to Lazard Freres, thirty-five to Kuhn, Loeb & Co., twenty-three to the National City bank of this city, and the remainder to banking concerns in Chicago and other interior towns.

**Several Wagon Loads.**  
As \$500,000 in gold weighs about a ton, several express wagons were necessary to transport the consignment to the express companies contracting for its safe delivery.

Currency of all denominations and in varying stages of crispness poured into the office of several brokerage houses in Wall street yesterday from all the nooks and crannies of New York.

**LONDON BREATHES FREELY.**

No Alarm Felt Over Exportation of Gold to United States.

London, Nov. 5.—Trading on the stock exchange today started well, opening being cheered by the news that gold shipments from Paris to London were being arranged. Americans, taking their cue from the favorable close of the market in New York yesterday, started firm at above parity, but subsequently depressed the best quotations.

Union Pacific was 1 point and Canadian Pacific 1/4 of a point below the opening of the market. The latter was two points higher than yesterday. Bullion brokers believe the outflow of gold to America from London will continue for some time, even if the Bank of England's discount rate is raised to 7 per cent. It is pointed out, however, that if such a rate becomes necessary it is bound to attract gold from other sources, thus offsetting the American drain.

The Bank of England's discount rate has not been above 6 per cent since 1873, when, on Nov. 7 of that year, as the result of a panic on the stock exchange, the rate was put up to 9 per cent.

The United States government purchased another consignment of bar gold amounting to \$750,000 from the Bank of England. Canada also took \$25,000 in sovereigns from the United States. A large quantity of gold will be shipped to New York tomorrow on the White Star Line steamer Oceanic.

**FRANCE TO THE RESCUE.**

Paris, Nov. 5.—The opening of the bourse was firm and a better feeling prevailed in regard to the situation in New York and a favorable interpretation was also placed on the decision of the Bank of France to assist the Bank of England by the purchase of \$3,000,000 in time sterling bills at 40 per cent discount, however, weakness developed.

## A Nurse's Story

If you are a sufferer from headache, neuralgia, or pain from any cause you should read the following letter from a nurse.

"For sometime I have felt it my duty to write you. I was having my doctor twice every week for headache, and he did for me to give something to ease the pain. Sometimes the pain was so severe that I could not speak, and members of my family stood over me and gave me medicine every fifteen minutes until I was relieved. A sample of Dr. Miles' Anti-Pain Pills fell into my hands, I read the circular very carefully, and found my case described exactly. The next time my head began to ache I took the Pain Pills according to all directions and I felt I was getting better, so I sent to the druggist for a box and took them until I was much better than I was about the house all the afternoon. I have not had a doctor for headache since. When he met me sometime after I had wanted to know how I was, and I told him what I had done, and he replied: 'If you have found anything that will help you, stick to it,' and so I have. Being a nurse I have recommended them to a great many grateful people. One case I will mention. I saw a doctor go to a neighbor every week for months because she had such awful headaches, but at last, one day I met her and I gave her a half a box of Dr. Miles' Anti-Pain Pills. She said they were a great blessing to her and said 'well, I don't want to tell about them before,' I could tell you of many similar cases."

Developed on account of heavy liquidation for Brussels accounts. The Bank of France today made its first shipment to the Bank of England in order to relieve the tension there caused by the American demands. In pursuance of the decision reached last week, the Bank of France, at the request of the Bank of England, purchased \$3,000,000 time sterling bills, remitting for them English sovereigns and American eagles.

**Situation in Berlin.**

Berlin, Nov. 5.—Prices on the bourse today opened stronger upon the expectation that the Bank of France will supply gold to the United States, which would relieve the pressure in London. Americans opened with increases of several points. The market weakened later upon the lower prices in London and the advancing discount rate in the open market here.

**Gold From Argentina.**

Buenos Ayres, Nov. 5.—Nearly 5,000,000 pesos in gold, which several banks here have withdrawn from their conversion fund, has been shipped to New York.

## MONTANA IS PROSPEROUS

Congressman Pray Says State Has Had a Good Summer—Not Greatly Alarmed by Slump in Copper.

Charles N. Pray, representative in congress from Montana, was in Salt Lake for a few moments yesterday on his way to Washington, whither he goes to attend the session of congress that will begin next month. Mr. Pray was pressed for time and remained in the city only long enough to call on a friend or two.

"Montana had a pretty good summer," said Mr. Pray. "The range has never been better and the stock has been in excellent condition. Agriculturally the season has been wonderful. The yield of all crops has been bountiful; there has been plenty of water for irrigation and no severe storms. Our country fairs this fall showed marked progress in every section of the state.

The slump in copper, of course, has had an unfavorable effect on Butte and Anaconda, where most of the copper is mined and smelted. But the people look forward to better things in the very near future. They know that the copper is in the ground and it will not be permitted to stay there."

Montana felt the effect of the recent panic, but the effect of the banks in Butte and Helena and the other cities were prepared to meet the emergency."

## SOME MONEY COMING TO UTAH FROM LAND SALES

(Special to The Herald.)

Washington, Nov. 5.—The general land office has adjusted its accounts with the state of Utah under the act of July 16, 1894, showing the per cent of net proceeds arising from the sale of public lands within the state for the fiscal year ended June 30, 1907, as shown by returns from local and offices at Salt Lake City and Vernal.

Receipts from the sales of public lands were \$15,932.24, from fees and commissions \$2,632.84, from fees and commissions \$1,131.71, making a total of \$19,596.79. Repayments for lands erroneously sold, together with fees and commissions thereon, amount to \$1,247.50, which amount, deducted from receipts from sales of public lands, makes the net proceeds of sales \$18,349.29. The share of expense chargeable to the state amounts to \$8,942.92, which amount, deducted from net proceeds, makes the net proceeds for the year, \$10,406.37. The amount found to be due the state is \$6,568.

## STOMACH ABUSE.

Lecture to the Swell Guests of the Hot Springs Hotels.

The closing health lecture of the subscription course arranged by the guests of the fashionable hotels of Hot Springs, Ark., was delivered by one of the most famous physicians of national reputation. He took occasion to score stingily and people in general on their mistreatment of the stomach which is the fountainhead of health. By overeating and indulging in foods of too much acid and too many sweets indigestion is brought on which eventually is responsible for 75 per cent of diseases, especially rheumatism and kidney disorders. He advised that the first indication of dyspepsia or indigestion be promptly relieved. The symptoms being sour stomach, belching and sick headache.

For this purpose and also the ultimate cure of dyspepsia he highly indorsed what is known as the Paster formula. This was given to the audience who were told to copy it.

Two ounces Essence of Pepsin; three ounces Syrup of Ginger; one ounce Compound. These to be mixed and used in doses of from one to two teaspoonfuls after each meal also at bedtime for the first week.

The ingredients obtainable from any good drug store and the doctor added that with this treatment and using common sense rules about diet a person could easily regain normal digestion and ward off serious complications.

## RESTRAINED BY FEDERAL COURT

Judge Kohlsaat Prevents Suit Against Corn Product Co. Before State Tribunal.

Chicago, Nov. 5.—Judge Kohlsaat, in the United States circuit court, today issued an injunction restraining George F. Harding of this city from prosecuting, in the state courts, the suit recently started by Harding asking for an appointment of a receiver for the Corn Products company. Final hearing on the application for the injunction will be heard on Nov. 12.

Harding, in his application for receiver, alleged that the Standard Oil company, in conjunction with certain individuals, had conspired to wreck the Corn Products company.

## AS OTHERS THINK.

Everyone in Salt Lake Has a Right to His Own Opinion.

While everyone has a right to his own opinion, yet it is wise to always consider what others think and profit by their experience.

Nothing makes life so miserable, or interferes so widely with the usefulness of the average American, as indigestion, and it is well for us to give fair consideration to what others think about this remarkable affliction.

Dr. Schramm is positive that in Mi-o-na stomach tablets he has an absolute cure for indigestion and the many disagreeable symptoms that follow this disease, such as distress after eating, coated tongue, bad taste in the mouth, dizziness, flatulence, nervousness and debility.

His action in selling Mi-o-na on a guarantee to refund the money unless it cures, shows plainly his belief in the value of this remedy. He takes all the risk, and there will be no charge whatever for Mi-o-na unless you are satisfied that it has relieved you of indigestion.

Mi-o-na weakens up the stomach muscles and strengthens them so that they take care of all the food you eat in a natural, healthy way, without pain or distress, after meals.

It costs but 50 cents a box, and does more real good than a dozen boxes of the ordinary digestive tablets. The absolute, unqualified guarantee of F. C. Schramm shows his faith in the value of Mi-o-na. Corner First South and Main streets, "Where the Cars Stop."
